

Ledvance GmbH

Pre-contractual Information according to Art. 3 of the EU Data Act (Regulation 2023/2854)

Revision: 1.0  
Date: 12.09.2025

Product Name / Type / Category: FLEX CU IOT DALI-2 HCL TW  
Product Brand(s): LEDVANCE  
Manufacturer: LEDVANCE GmbH

In accordance with the EU Data Act (Regulation 2023/2854), we are committed to ensuring transparency and providing the information according to Art. 3 such as data type, format, storage, access, etc.

Article 3 Paragraph 2 (a):	the type, format and estimated volume of product data which the connected product is capable of generating
----------------------------	--

Device status data polled from DALI network devices, DALI network configuration data, time schedules and automation rules.

Data format is JSON.

Approx. 500MB/month data generated.

Article 3 Paragraph 2 (b):	whether the connected product is capable of generating data continuously and in real-time
----------------------------	---

Data is generated event based in real-time after any event in the DALI network.

Article 3 Paragraph 2 (c):	whether the connected product is capable of storing data on-device or on a remote server, including, where applicable, the intended duration of retention
----------------------------	---

Data is stored on the product in a ring buffer memory and will be uploaded to an optional cloud service (EMMA) if configured and purchased by the user.

Local product data is retained for up to 7 days, cloud service data is retained for 13 months.

Local data on controller can be deleted by performing a factory reset procedure on the controller.

Article 3 Paragraph 2 (d):	how the user may access, retrieve or, where relevant, erase the data, including the technical means to do so, as well as their terms of use and quality of service
----------------------------	--

User can access the local data through REST API interface.

User can access the local data through local Commissioning Web UI.

User can access the local data through Commissioning PC Tool.

This information is provided in accordance with the requirements of the EU Data Act (Regulation (EU) 2023/2854), applicable from 12 September 2025. It is intended to inform prospective users and purchasers of the data-related characteristics associated with the connected product and/or related services described herein.

The information contained in this document is for general guidance purposes only and does not create any contractual obligations. While every effort has been made to ensure the accuracy and completeness of the data-related information, the manufacturer reserves the right to update or modify the content without prior notice to reflect changes in technology, regulation, or business practices.

The manufacturer disclaims any liability for direct, indirect, or consequential damages arising from the use, access, or interpretation of the data described in this declaration, except where such liability is mandated by applicable law including cases of intent, gross negligence, or injury to life, body, or health and mandatory legal liability.

Users are advised to consult the respective full terms of use, privacy policy, and any applicable contractual agreements before engaging with the product or service. Data access and sharing are subject to fair, reasonable, and non-discriminatory (FRAND) conditions, and may be limited by applicable trade secret protections, intellectual property rights protection, cybersecurity requirements, or data protection laws including the General Data Protection Regulation (GDPR).
